My organisation plans to work with other supporting organisations that are not going to host our participants, but are going to help with the implementation of activities. *

Yes

A supporting organisation is an organisation assisting your organisation in practical aspects of project implementation that do not concern core project tasks (as defined in the [Erasmus quality standards](#)). Please note that hosting organisations that provide learning content and mentoring to your participants are not considered supporting organisations, unless they are at the same time supporting you in your other project management activities.

If you plan to work with a supporting organisation, you must declare it here. If you want to add a supporting organisation to your project later on during implementation, you will have to request a formal amendment of your grant agreement.

Se include OID-ul organizației intermediare și se completează cele 3 tipuri de informații solicitate despre aceasta:

- se selectează (din *drop-down list*) „tasks of the supporting organisations”;
- se descrie “the need of support from the supporting organisations”;
- se solicită acordul privind regulile de atribuire a sarcinilor către organizațiile intermediare.

What tasks will the supporting organisations perform in your project? Note: only tasks listed below can be taken up by supporting organisations. Delegation of any other tasks will be considered a serious breach of Erasmus+ rules and quality standards, and may lead to reduction of the project grant, termination of the project, or further consequences for accredited beneficiaries. *

Please select...

Assisting with logistics (e.g. travel, insurance, accommodation). Travel operators and agencies are not supporting organisations in this meaning. X

Why do you need the support of supporting organisations to complete the tasks indicated above? *

Avem nevoie de sprijin pentru a fi identificate organizatiile de primire. 1927

I confirm that only the tasks indicated above will be delegated to supporting organisations.

I have read and understand the rules on core project tasks in the Programme Guide and in the Erasmus quality standards.

I confirm that the declared supporting organisations have been selected in compliance with the requirements on best value for money when using EU grants.

I understand and accept that my project can be terminated and the grant reduced in case of failure to comply with these rules.
